Apprentice Mohan Jewitt feeds meal worms to Nugget the toad.

2016 LEARNING WEB ANNUAL REPORT

2016 ACCOMPLISHMENTS

657 young people participated in Learning Web Programs in 2016

"The apprenticeship program is a win-win for both parties- we have added staff support . . . and teens gain real-world work skills in a position that is much more interesting than many jobs open to 14-16 year olds." — MENTOR

Youth Exploration Program

338 Middle and high school youth learned more about themselves and the possibilities for future education, careers, and hobbies.

- 97%** of the youth joining us on exploration tours increasing their knowledge of specific duties, training and qualifications of chosen fields of interest and clarified career interests.
- 92%** of youth apprentices reported that their apprentice increased their knowledge of the field of work and influenced their future career plans.
- 94%** of youth participating in 28 community service projects developed planning, decisionmaking, leadership and teamwork skills and a commitment to address community needs.
- 90%** youth living in foster care homes developed the aptitudes and skills needed to finish their education and secure a satisfying job that provides for a self-sufficient lifestyle.
